

The 7th Syros Summer Workshop 4th ,5th , 6th June 2010

For the last 12 years the Syros Summer Workshop on Psychoanalytic Psychotherapy Studies has become a living tradition. The Workshop, which takes place every other year in the well preserved neoclassical building of the Ermoupolis town-hall in the Cycladic island of Syros, is organised by the Hellenic Association of Child and Adolescent Psychotherapy under the auspices of EFPP. From the first Workshop, back in May 1998, EFPP and IPA members from all over Europe, have been joining this event in this sunny and picturesque Greek island of the Aegean Sea.

Successful Workshops of the past enjoyed the presentations of invited speakers, like: Margot Waddel (U.K.), Jean Begoin, (France), Gianna Williams, (U.K.), Imre Szecsody, (Sweden), Roberto Basile (Italy), Luc Moyson (Belgium). The clinical presentations on the theme of the key-note presentation proved to be equally interesting and thought provoking. All presentations are discussed in small Anglophone and Francophone groups, which report back to the plenary every day.

The high quality of presentations in the plenary meetings and the exchange of ideas in the discussion groups, have always been characterised by a friendly atmosphere, the same atmosphere that has accompanied us after each day's work to the seaside and the local tavernas. This is perhaps one of the reasons that most of the Syros Summer Workshop participants come back for the next event.

We are now inviting you to the **7th Syros Summer Workshop** that is going to be held on the 4th, 5th and 6th June 2010. The invited speaker will be **Serge Frisch** (Luxemburg), psychiatrist and training analyst (Belgian Psychoanalytic Society), chair of the 'Clinical and Research Working Party on the Specificity of Psychoanalytic Treatment Today' in the European Psychoanalytic Federation, former president of the European Federation of Psychoanalytic Psychotherapy. He is going to be the first day's speaker and the title of his presentation is: "**Help me think, to help me live: the psychoanalysis of a psychotic mother**". On the second day **Biddy Youell** M.Psych.Psych, child and adolescent psychotherapist and Head of Child Psychotherapy at the Tavistock Clinic (U.K.) will present a paper titled: "**Emotional abuse and the assessment of parenting**". The last day's clinical presentation will be devoted to the same thematic area of the influence of parental psychopathology to the child and **Sophia Chasilidi**, clinical psychologist, (D.E.S.S. de Psychologie Clinique et Psychopathologique, France), senior trainee child and adolescent psychotherapist (Greece), will talk on: "**Trans-generational borderline psychosis and its interplay with the dynamics of development**".

Trudy Klauber M.Psych.Psych, child and adolescent psychotherapist and Dean of Postgraduate Studies at the Tavistock and Portman NHS Trust (U.K.), who is also going to participate in this Syros Summer Workshop, has kindly accepted to chair one of the presentations.

Dear friends and colleagues we will start late afternoon on Friday 4th June 2010, leaving enough time for the participants to arrive to Syros. We finish on Sunday early afternoon and depart from the island of Syros unless people wish to stay longer. This means that one has to arrive to Athens on Thursday evening to get an airplane or ferry boat to Syros on Friday morning, unless people wish to prolong their stay and combine it with a short holiday. The participants have to share the expenses for the invited speaker, some minimal administrative expenses. The costs will be shared among all participants and it is expected to be 180 Euro per person.
