

Dear delegates,

This is just a short note from me.

We need conductors for the discussion groups in the conference in Berlin on June. Naturally we think that delegates from the group analytic section are the best choice for this role. Those of you who are coming to the conference and would like to do it please contact me directly at [gilaofer79@gmail.com](mailto:gilaofer79@gmail.com) .

Looking forward to see most of you in Berlin on June warmly,

Gila
